## Introduction

State law requires that all local governments publish within six months of the close of each fiscal year a complete set of financial statements. These financial statements must conform to generally accepted accounting principles (GAAP) and be audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to this requirement, we are pleased to present the Financial Statements of Lenoir County for the fiscal year ended June 30, 2010.

The financial statements and supplemental schedules that make up this report consist of management's representations concerning the finances of Lenoir County. Management accepts full responsibility for the completeness and reliability of all information contained in this report. To provide a reasonable basis for making these representations, the management of Lenoir County has established a comprehensive internal control system that is designed not only to protect the assets of Lenoir County from misuse, loss, or theft but also to compile sufficient, accurate, and reliable information for the preparation of Lenoir County's financial statements in conformity with GAAP. The cost of an internal control system should not outweigh its benefits; therefore, Lenoir County's comprehensive internal control system has been designed to provide a reasonable assurance rather than absolute assurance that the financial statements are free of material misstatement. We believe the data as presented is accurate in all material aspects, that it is presented in a manner designed to set forth fairly the financial position and results of operations of the County, and that all disclosures have been included to enable the reader to gain a better understanding of the County's financial affairs.

Lenoir County's financial statements have been audited by the certified public accounting firm of Pittard, Perry & Crone, Inc. The goal of the independent audit is to provide reasonable assurance that the financial statements of Lenoir County for the fiscal year ended June 30, 2010, are free of material misstatement. To accomplish this, the independent auditing firm examines, on a test basis, evidence to support the amounts and disclosures in the financial statements; assess the accounting principles employed and significant estimates made by the management of the County; and evaluate the overall presentation of the financial statement. The independent auditor concluded, based upon their audit findings, that there was a reasonable basis for rendering an unqualified opinion that the financial statements of Lenoir County for the fiscal year ended June 30, 2010, are fairly presented in accordance with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Lenoir County is part of a much broader federally mandated "Single Audit". The "Single Audit" is designed to comply with the special requirements of federal grantor agencies. The standards governing "Single Audits" require the independent auditor to report on the fair presentation of the audited unit's financial statements and on the unit's internal controls and compliance with legal requirements. Special emphasis is placed on the audited unit's internal controls and legal requirements involving the administration of federal grants and awards.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The MD&A is designed to

complement this letter of transmittal and should be read in conjunction with it. Lenoir County's MD&A can be found immediately following the independent auditor's report.

### **Description & Brief History of the County**

Lenoir County is located in the Coastal Plains region of Eastern North Carolina approximately midway between South Carolina and Virginia. Encompassing an area of 401.96 square miles, the County is an irregular pentagon in shape and is bound on the north by Greene County, on the east by part of Jones, Pitt and Craven Counties, on the south by Jones County and on the west by Wayne and Duplin Counties.

The land is good land...an eastward-sloping plain crossed by shallow valleys and interrupted by a few gently rolling hills. From an elevation of 125 feet above sea level near the Dawson community in the western section of the county, the land drops to 44 feet at the headwaters of the Trent River in the southeast section. Along the river and a few of the larger creeks are broad lowland areas carved in the distant past as the streams changed course or as water rushed downstream in times of heavy rain or storm. The normally placid Neuse River snakes its way for 75 miles through the center of the county, dividing it into almost two equal parts. The river depth fluctuates with the seasons from a low of two feet to a 1999 high water mark of almost 28 feet. Its width averages 50-300 feet. Other streams include Southwest, Contentnea, Bear Creek, Falling Creek and Briery Run.

Three (3) municipalities are within the County, the largest being the City of Kinston, which serves as the county seat and is located near the center of the County. The Town of La Grange is located in the western part of the County and the Town of Pink Hill is located in the southern part of the County. A fourth town, entitled Grifton, located in the northeast section of the County, has a small section of its corporate limits located in Lenoir County south of Contentnea Creek with the major land area of the town located in Pitt County.

The County has a commissioner/manager form of government with a total of seven (7) commissioners; two (2) commissioners are elected "at-large" while five (5) commissioners live in and are elected by district. All run on a partisan basis and serve four-year staggered terms. The Chairman serves as the presiding officer and is a voting member and ceremonial leader. Commissioners hold policymaking and legislative authority, and they are responsible for adopting the budget and appointing the County Manager. The Manager is responsible for implementing policies, managing daily and long-range operations, and appointing Department Managers with the exception of those elected or board appointed by statute.

The County is a full service government, giving its citizens a wide range of services that include public safety, sanitation, health, mental health, and social services, cultural and recreational activities, and general administration. This report includes all of the County's activities in maintaining these services. The County also extends financial support to certain boards, agencies, and commissions to help their efforts in serving citizens. Among these are the Lenoir County Board of Education, Lenoir Community College, Eastern Carolina Council of Governments, North Carolina Cooperative Extension Service, Lenoir Soil & Water Conservation District, Neuse Regional Library, Lenoir County Council on Aging, Inc., North Carolina Division of Forest Resources, three (3) rescue squads, and eleven (11) volunteer fire departments.

In the eighteenth century, North Carolina did not yet have a permanent capital, and if Governor Arthur Dobbs had gotten his way, the seat of government would have been established in Lenoir County. Dobbs, royal governor of the colony from 1754 to 1765, attempted to establish a permanent capital in present-day Lenoir County, on 850 acres of Tower Hill, on the north side of the Neuse River about three miles east of the present location of Kinston, which site Dobbs purchased for this purpose. Dobbs had a particular interest in public architecture, having been supervisor of construction of public buildings in Ireland and a promoter of new public architecture during his tenure in North Carolina. In 1758 he proposed that a complex of public buildings, to be known as George City, be built at Tower Hill. Detailed specifications both for the plan of the new town and the design of the public buildings were included in the "Act for erecting a City on Neuse River, upon the Plantation called Tower-Hill, fixing the Seat of Government therein, and building a Governor's House, and public offices in the same." The act was passed but never executed, in part because of sectional rivalries regarding the location of the seat of government. In 1766 New Bern was selected as the capital.

The period following the Revolution was one of corruption and lawlessness in Dobbs County, especially in the far reaches of the area where Greene County is now located. Lack of honest qualified leaders and difficulties in administering justice in the remote sections of the county resulted in an emergence of many individuals who

sought riches and power by any means, without regard to law. Government, in some areas, was non-existent, tax collections scant, and law and order a farce. In efforts to remedy the situation, a bill was introduced in the General Assembly in December, 1791 to divide Dobbs County into two new counties with courts, prisons and stocks in each. An opponent of the bill, General William Graham, declared it was the first time he had ever heard of destroying a government to establish law and order. The new counties were to be named Lenoir and Glasgow. A strong effort was made to name one of the counties for Stephen Cabarrus, then president of the State Senate. The name of Lenoir was stricken from the bill and Cabarrus substituted. Then, following arguments by Lenoir partisans, Cabarrus was stricken and Lenoir re-inserted. Thus, Lenoir County came very close to being Cabarrus County. The act of abolishing Dobbs County and creating Lenoir County was ratified on January 21, 1792, and Kinston was named the County Seat. Lenoir County's name honors General William Lenoir, described by his contemporaries as a "venerable patriot and soldier", and who played a major role in the affairs of the state of North Carolina.

In Lenoir County, as elsewhere in North Carolina during the eighteenth century, the sale of early land grants, the economics of a plantation economy, and the lack of urban amenities created a far-flung society. Its members lived on large estates and used the county seat primarily for trade and government business. At the turn of the 19<sup>th</sup> century both town and county remained sparsely settled, with 4,005 people in the county, 107 of whom lived in Kinston. A spirit of enterprise swept Lenoir County between 1850 and 1860, much of it undoubtedly due to the arrival of the Atlantic and North Carolina Railroad. On March 8, 1865, Lenoir County underwent its final battle of war, known variously as the Battle of Wyse Fork and the Battle of Southwest Creek. In Lenoir County the twentieth century—the tobacco century—can properly be considered to have started in 1895, when Jessie Willis Grainger with 500 dollars worth of tobacco seeds became the Johnny Appleseed of tobacco. There was apparently a spate of arson in Kinston in 1895 in which much of the downtown district was destroyed. Around 1940, 640 acres were purchased at \$25 per acre to build an airport. The base became known as Stallings Field in honor of two (2) Kinston brothers, killed during WW II in 1945. In the early 1950's, the event that began the large-scale employment shift from agriculture to factory jobs was the construction of the E. I. Dupont de Nemours and Company dacron fiber plant; it was the first plant in the world to produce the new synthetic fiber dacron polyester.

### Economic Conditions and Outlook

Located in the center of North Carolina's Eastern Economic Development Region and home of the North Carolina Global TransPark, Lenoir County is well positioned for growth in all sectors of economic development. Local leaders are diligently transitioning Lenoir County from a tobacco and textile dependent economy to one with a growing diversified manufacturing base. Lenoir County's current population of over 57,000 supports a workforce of approximately 25,279, 13.47% of which is employed in manufacturing.

North Carolina's Eastern Economic Development Region, which includes Lenoir and 12 surrounding counties, has a population of more than 991,000 and a workforce of over 455,000 professional, technical, and semi-skilled workers. The region, which grew in excess of 10 percent from 1990 to 2000, employs over 43,000 people in manufacturing jobs. The regional workforce also benefits from a large number of students, military personnel and their dependents. Workforce training and development is enhanced by the region's twelve community colleges and four four-year institutions.

Lenoir County is home to the Eastern Region's premiere economic development asset, the North Carolina Global TransPark. This state-of-the-art industrial-transportation complex encompasses 15,300 acres, an 11,500-foot runway, and an FAA Control Tower and CAT I ILS system that has the capability of being a CAT III system. A new 108,000 SF shell building on a 35-acre rail site is planned for the 2<sup>nd</sup> quarter 2011. The Global TransPark has received designation as Foreign Trade Zone 214 with a sub-zone activated. An essential part of the Global

TransPark is the 32,000 SF Spirit AeroSystems Composite Center of Excellence. The primary purpose of the Center is to provide a flexible and adaptable high technology facility for new and expanding industry training.

From a transportation standpoint, US 70 (a 4-lane divided highway) extends east/west from the Port of Morehead City to and beyond Raleigh. Lenoir County is 75 miles east of Raleigh, 75 miles west of Morehead City and 90 miles north of the Port of Wilmington. I-795 is only 30 minutes from Kinston and I-95 and I-40 are only 45 minutes from Lenoir County. Two rail carriers, Norfolk Southern and Seaboard Chessie Systems serve Lenoir County. All major truck lines serve the area with four terminals located in Lenoir County. Charter flights are available at the Kinston Regional Airport and there are three community airports in the Region: Greenville, Jacksonville and New Bern. Raleigh Durham International Airport, 90 minutes from Lenoir County is served by most major airlines and several commuter airline. These airlines provide daily direct non-stop flights to all regions of the United States, the Caribbean, Canada, Mexico, and Europe.

Economic development efforts such as recruiting new industries, growing the Global TransPark, and marketing the County's available buildings are all important for future growth. Lenoir Community College, Lenoir Memorial Hospital, a Performing Arts Center, a small business incubator and the continued revitalization of downtown Kinston, the county seat, are also serving to recruit and retain businesses and citizens. Kinston received the All America City Award in 2009 for the second time. The All-America City Award is America's oldest and most prestigious community recognition award. The strong commitment of public and private leaders, along with the support of existing industry to a strong economic development effort, will insure a future of steady growth for both the county and its municipalities.

In spite of a national recession, 2010 was a very active year for Lenoir County economic development. Two new companies and one existing company announced plans to locate/expand in Lenoir County. New companies included DB Schenker and Precision Shavings, Inc. DB Schenker is a third party logistics company and a supplier to Spirit. Precision Shavings, Inc. is a supplier to Sanderson Farms and manufactures wood chips for the poultry houses. Collectively, the announcements by these two companies represented an investment of more than \$1,800,000 and the creation of 55 new jobs for the area.

One existing Lenoir County company, MasterBrand Cabinets announced an expansion of a new product line. This expansion represents \$3.75 million new investment and 334 new jobs.

Sanderson Farms new \$121 million state-of-the art poultry processing facilities in Lenoir County are well underway. The hatchery and feed mill are complete and the processing plant is almost finished. Sanderson has currently hired over 400 people. In addition to the new jobs created by Sanderson Farms, 84 area farmers will be contracted with as growers. The new chicken houses constructed on these farms will add approximately \$90 million to the tax base of Lenoir and surrounding counties.

In July, 2010 Spirit AeroSystems held a grand opening, celebrating completion of a 500,000 SF manufacturing facility at the Global TransPark. When fully operational, this facility will employ over 1,000 workers and will place North Carolina in the forefront of the aviation industry in the United States.

An \$81 million highway construction project extending C Felix Harvey Parkway and connecting the Global TransPark to US Hwy 70 West of Kinston began in the fall of 2009. When complete, this vital transportation link will provide essential access to the Global TransPark from major highways corridors to the west of Lenoir County.

A skilled VA nursing facility is currently being constructed in Kinston. This \$12 to \$18 million facility will provide support for the 110,000 veterans living within a 50-mile radius of Lenoir County and create 152 new jobs for the region.

In 2009, Lenoir County completed construction of a 40,000 SF Basic Industrial Shell Building that is expandable to 160,000 SF. The facility is situated on nine acres in the Hwy 70 West Industrial Park with eight additional acres available. This is another tool for recruiting new industries to the area.

## **Major Initiatives**

During fiscal year 2009-10, the County government made progress on different fronts. Key events/actions included:

- 1) Completed administration of 2006 CDBG Concentrated Needs Program (\$735,000) for refurbishment of qualifying homes in the County.
- 2) Completed administration of 2007 NCHFA SFR (\$392,000) for rehabilitation of qualified homes in the County.
- 3) Completed the construction of Shell Building #3, a 40,000 square foot expandable structure located in the Hwy 70 West Industrial Park.
- 4) Continued administration of \$69.7 million school construction project funded by General Obligation Bonds issued in 2007 and 2008.
- 5) Continued the process to design a 192 bed jail and arrange for the financing, pending the Board of Commissioners and LGC approval.
- 6) The County's engineering firm continued to work with the Division of Waste Management for the approval to construct Phase II, a second 5-year MSW cell at the landfill.
- 7) Began the administration of 2009 CDBG Scattered Sites Program (\$400,000) for refurbishment or replacement of qualifying homes in the County.
- 8) Received grant funding to extend natural gas to the new Sanderson Farms processing plant and the Hwy 70 West Industrial Park.
- 9) Worked with the City of Kinston to upgrade the water system within the Hwy 70 West Industrial Park.
- 10) Submitted an application to the North Carolina Housing Finance Agency to obtain the 2010 NCHFA SFR funding (\$200,000) for the rehabilitation of qualified homes in the County.
- 11) Held joint work sessions and with elected and appointed officials of the City of Kinston to discuss mutually beneficial solutions to common problems.

## **Department Focus**

Each year, in a transmittal letter to this report, the accomplishments of a single County department for that fiscal year are highlighted. This year, the Lenoir County Transit Department has been designated for recognition.

On October 1, 1994 Lenoir County Transit (LCT) was organized to transport clients of the Human Services Agencies; the Department of Social Services, Council on Aging, Vocational Rehabilitation, Mental Health, and the Health Department to their appointments within Lenoir County. The Department began with an Administrative Office that applied for Grants through the North Carolina Department of Transportation (NCDOT) and monitored daily operations that were contracted out to Laidlaw Services, Inc. LCT began with six (6) vehicles that provided 13,367 passenger trips and covered 70,465 miles annually with a budget of less than \$130,000.

Beginning October 1, 2000, Human Service Agency passenger trips for medical appointments were expanded beyond the boundaries of Lenoir County to include Pitt, Greene, and Wayne Counties. Also at this time, Rural General Public (RGP) Funding was introduced to LCT. This funding is part of the Rural Operating Assistance Program (ROAP) that is administered through NCDOT. This program allowed any Lenoir County citizen to travel on an LCT bus to any location within Lenoir County. Citizens could now ride on LCT to work, to doctor appointments, to retail outlets, to Lenoir Community College, or any other destination within Lenoir County for \$3.00 per ride (providing a 24 hour notice was given). By 2002, annual passenger trips had increased to 40,714 and covered 225,469 miles. LCT's fleet had increased to twelve (12) vehicles with an annual budget of \$329,000.

Beginning in July 2006, LCT began a Deviated Fixed Route in Kinston with 30 bus stops throughout the City and 5 bus stops in the Town of LaGrange. Ticket cost is \$1.50 for the general public and \$1.00 for seniors. The Deviated Fixed Route allows an LCT bus to deviate up to a mile from its designated route to accommodate elderly and disabled passengers that are not physically able to walk to a bus stop. With the origination of the Deviated Fixed Route, LCT was able to acquire a 28ft Light Transit Vehicle capable of transporting 24 passengers or 20 passengers and 2 wheelchairs. As a result, annual ridership increased to 47,168 passenger trips which covered 324,173 miles with an annual budget of \$695,000.

In March of 2008, LCT decided not to contract with an outside vendor to handle the daily operations. By bringing operations in-house, LCT was able to utilize the fee that it was paying to the contractor to enhance its services. With this, annual ridership increased to 53,836 passenger trips which covered 454,658 miles with an annual budget of \$701,000 dollars. By FY 08-09, LCT had increased its passenger trips to 71,823 which covered 686,437 miles with a budget of \$1 million dollars.

Today, LCT has a Director, an Assistant Director, a Grant Writer / Safety Officer, an Administrative Assistant, a part-time Secretary, a full-time Dispatcher, a part-time Dispatcher / Scheduler, a part-time Scheduler / Driver, and 27 part-time Drivers with a budget of \$2.1 million dollars. LCT's current fleet of nineteen (19) vehicles makes over 85,855 passenger trips annually and covers approximately 692,500 miles. Since its beginning LCT operates entirely from grant funds and passenger ticket sales. LCT is constantly on the move to meet the ever changing needs of the citizens of Lenoir County.

### **Cash Management**

The County's strict investment policy provides strong controls over the safety and liquidity of County assets. Most of the available funds are invested in North Carolina Capital Management Trust – Cash Account. This is a mutual fund authorized by the Local Government Commission that provides safe, attractive rates, and liquidity. Certificates of Deposit are held solely in banks using the "Pooled Collateralization" method of securement. As these expire, the Finance Office obtains quotes from local institutions that use the pooled method before reinvesting the funds.

### **Risk Management**

Lenoir County obtains insurance for property damage and general liability through a local insurance agent, competitively quoted. In addition, all county employees are covered by professional liability insurance. The County participates in two self-funded insurance programs, one for health insurance and one for workers compensation insurance. The health insurance program is administered by MedCost Benefit Services and the workers compensation insurance program is administered by Discovery Insurance Services.

### **Pension and Other Post Employment Benefits**

Lenoir County contributes to the Local Government Employees Retirement System. This statewide plan is administered by the State of North Carolina. The plan provides retirement and disability benefits to plan members and their beneficiaries. Plan members are required to contribute six percent of their annual covered salary. Contribution requirements are established and may be amended by the North Carolina General Assembly.

Lenoir County contributes to the Supplemental Retirement Income Plan for Law Enforcement Officers. The plan provides retirement benefits to sworn law enforcement officers employed by the County. The County contributes five percent of the officer's salary and the officers may make voluntary contributions.

Lenoir County contributes to the Register of Deeds' Supplemental Pension Fund, which is a noncontributory, defined contribution plan. The Fund provides supplemental pension benefits to eligible retired Registers of Deeds. The Fund is administered by the North Carolina Department of State Treasurer.

Lenoir County provides health care benefits to retired county employees who participate in the North Carolina Local Government Employee's Retirement System and have at least thirty years of creditable service with the County or are 60 years of age and have at least 25 years of creditable service with the County. The retired employees pay the same cost for this benefit as regular-active county employees. Currently, thirty-three retired employees are eligible for post-retirement health benefits.

Lenoir County has chosen to provide death benefits to employees through the Death Benefit Plan for members of the Local Government Employees' Retirement System. This plan is administered by the State of North Carolina and is funded on a one-year term cost basis. Contributions are determined as a percentage of monthly payroll based upon rates set annually by the State.

Additional information on Lenoir County's pension plan and post employment benefits can be found in Note III in the notes to the financial statements.

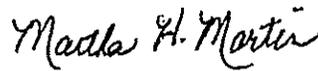

**Awards and Acknowledgements**

Preparation of this report would not have been possible without the dedicated and often times unnoticed efforts by the staff of the County Manager's Office and the Finance Department: Tommy Hollowell, Diane Atkinson, Joyce Miller, Rose Fox and Lashanda Aytch. We also recognize all department managers and administrative staff for adhering to sound accounting, purchasing, and budgetary principles in carrying through on daily obligations. Without their efforts, this report would not have been possible.

Respectfully Submitted,

Michael W. Jarman  
County Manager / Budget Officer

### Independent Auditor's Report

To the Board of County Commissioners  
Lenoir County, North Carolina

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Lenoir County, North Carolina as of and for the year then ended June 30, 2010, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Lenoir County, North Carolina's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Lenoir County ABC Board. Those financial statements were audited by other auditors whose report has been furnished to us; and our opinion on the financial statements, insofar as it relates to the amounts included for the Lenoir County ABC Board is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. The financial statements of the Lenoir County ABC Board were not audited in accordance with Government Auditing Standards. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Lenoir County, North Carolina, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund and the School Capital Outlay Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated November 24, 2010 on our consideration of Lenoir County, North Carolina's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Management's Discussion and Analysis and the Law Enforcement Officers' Special Separation Allowance's and the Other Postemployment Benefits' Schedules of Funding Progress and Employer Contributions are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United State of America. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Lenoir County, North Carolina. The introductory information, combining and individual nonmajor fund financial statements, budgetary schedules, other schedules, and the statistical tables, as well as the accompanying schedule of expenditures of federal and State awards as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements, budgetary schedules, other schedules and the accompanying schedule of expenditures of federal and State awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, based on our audit report are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory information and the statistical tables have not been subjected to the auditing procedures applied by us and other auditors in the audit of the basic financial statements, and, accordingly, we express no opinion on them.

## Management's Discussion and Analysis

As management of Lenoir County, we offer readers of Lenoir County's financial statements this mandatory narrative overview and analysis of the financial activities of Lenoir County for the fiscal year ended June 30, 2010. We encourage readers to review the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

### Financial Highlights

At the close of the fiscal year June 30, 2010, the following is true:

- The net assets of the County totaled \$(2,376,919); the major categorical breakout of these net assets follows:

	2010	% of Total Net Assets	2009	% of Total Net Assets
Investment in Capital Assets, net of related debt Restricted for insurance reserve and Register of Deeds Automation and Preservation Fund	\$ 15,889,813	-668.5%	\$ 16,378,234	239.8%
Unrestricted	( 18,455,610)	776.4%	( 9,156,454)	-142.7%
<b>Total Net Assets</b>	<b>\$ ( 2,376,919)</b>	<b>100.0%</b>	<b>\$ 7,433,597</b>	<b>100.0%</b>

\*Note: Unrestricted net assets includes cash and cash equivalents and net receivables minus current and long-term liabilities

\*Note: Net assets equal gross assets minus liabilities

- Total net assets of the County decreased by \$9,810,516, primarily due to the expenditure in the current fiscal year of Series 2007 & 2009 General Obligation Bond funds for the construction of three (3) new elementary schools and renovations to four (4) existing elementary schools. These bond funds were received in prior fiscal years. This results in expenditures being paid in the current fiscal year with no new offsetting revenue being booked. The net result is a decrease in current cash and cash equivalents. This compares to a decrease of \$20,766,813 in the prior year. This decrease in net assets should not be interpreted to mean an equal decrease in fund balance.
- The combined ending fund balance of all Governmental Funds is 44,937,476 broken out as follows:

	General Fund		Other Governmental Funds		Total Governmental Funds	
	2010	2009	2010	2009	2010	2009
Reserved by state statute	\$ 4,355,837	\$ 4,465,220	\$ 746,959	\$ 744,621	\$ 5,110,796	\$ 5,209,841
Reserved for Register of Deeds	-	-	113,678	138,117	113,678	138,117
Unreserved						
Designated for subsequent years	11,720,832	8,774,736	2,169,504	4,999,019	13,890,336	13,773,755
Undesignated	9,831,240	9,581,420	15,999,426	27,887,035	25,830,666	37,468,455
<b>Total Fund Balances</b>	<b>\$ 25,907,909</b>	<b>\$ 22,821,376</b>	<b>\$ 19,029,567</b>	<b>\$ 33,768,792</b>	<b>\$ 44,937,476</b>	<b>\$ 56,590,168</b>

- The combined ending fund balance for all Governmental Funds decreased by \$ 11,652,692 in comparison to the prior year, mainly due to expenditure of Series 2007 and Series 2009 General Obligation School Bond proceeds. A breakdown follows:

General Fund	\$ 3,086,533
Other Governmental Funds	(14,739,225)
<b>Total Decrease</b>	<b>\$(11,652,692)</b>

- In the General Fund, the total unreserved fund balance was \$21,552,072 or 39.8% of General Fund expenditures, as compared to \$18,356,156 or 35.1% in the prior year. The following chart provides a breakdown of the unreserved fund balance, both designated for subsequent years and undesignated:

	% of General Fund Expenditures		% of General Fund Expenditures	
	2010	2009	2010	2009
Unreserved				
Designated for subsequent years	\$ 11,720,832	21.6%	\$ 8,774,736	16.8%
Undesignated	9,831,240	18.2%	9,581,420	18.3%
<b>Total General Fund</b>	<b>\$ 21,552,072</b>	<b>39.8%</b>	<b>\$ 18,356,156</b>	<b>35.1%</b>

- Lenoir County's total net debt decreased by \$3,111,179 (4.03%) during the current fiscal year. The key factor in this was the retirement of \$3,644,722 in principal of Series 2007 and 2009 General Obligation Bonds
- Lenoir County maintained the following bond ratings:
 

Moody's	A1
Standard & Poor's	A+

**Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to Lenoir County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Lenoir County.

**Basic Financial Statements**

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits 3 through 9) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary and agency fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's non-major governmental funds and internal service funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net assets and how they have changed. Net assets are the difference between the County's total assets and total liabilities. Measuring net assets is one way to gauge the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business activities; and 3) component units. The governmental activities include most of the County's basic services such as general government, public safety, human services, cultural and recreational, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the landfill services offered by Lenoir County. The final category is the component units. Although it is a legally separate entity from the County, the Lenoir County ABC Board is important to the County because the County exercises control over the ABC Board by appointing its members and because the ABC Board is required by State statute to distribute its surpluses to the General Fund of the County. The Lenoir County Industrial Facility and Pollution Control Financing Authority exists to issue and service revenue bond debt of private businesses for economic development. The Authority has no financial transactions or account balances; therefore it is not presented in the basic financial statements.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

**Fund Financial Statements**

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Lenoir County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Lenoir County can be divided into two categories: governmental funds and proprietary funds.

**Governmental Funds-** Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in the governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Lenoir County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

**Proprietary Funds-** Lenoir County has one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Lenoir County uses enterprise funds to account for its Solid Waste Landfill operations. These funds are the same as those separate activities shown in the business-type activities in the Statement of Net Assets and the Statement of Activities.

**Fiduciary Funds-** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Lenoir County has two fiduciary funds; both are agency funds.

**Notes to the Financial Statements-** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 25-45 of this report.

**Other Information-** In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Lenoir County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 47 of this report.

#### **Government-Wide Financial Analysis**

As noted earlier, net assets may serve over time as one useful indicator of a government's financial condition. The net assets of Lenoir County equaled \$(2,376,919) as of June 30, 2010. As of June 30, 2009, the net assets of Lenoir County stood at \$7,433,597. The County's net assets decreased by \$9,810,516 for the fiscal year ended June 30, 2010, compared to a decrease of \$20,766,813 for the fiscal year ended June 30, 2009. A large portion (669%) of Lenoir County's net assets reflects the County's investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. Lenoir County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Lenoir County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Lenoir County's net assets (7.9%) represents resources that are subject to external restrictions on how they may be used. Unrestricted net assets decreased \$9,299,156, as compared to the prior fiscal year, due to the expenditure of Series 2007 & 2009 General Obligation Bond Funds for school construction projects. As mentioned in this letter, these bond funds were booked as revenue in prior fiscal years and the expenditures are recorded as construction progresses. The result is a net loss of cash and cash equivalents in the current year. In the prior fiscal year, ending June 30, 2009, the amount of net assets invested in capital assets net of related debt was \$16,378,234 with restricted assets standing at \$211,817. The remaining \$(9,156,454) was unrestricted net assets for that year.

**Lenoir County's Net Assets**

	Governmental Activities		Business-type Activities		Total	Total
	2010	2009	2010	2009	2010	2009
Current and other assets	\$ 52,947,852	\$ 66,477,217	\$ 4,417,694	\$ 4,249,455	\$ 57,365,546	\$ 55,743,442

<b>Total assets</b>	<b>\$ 67,509,064</b>	<b>\$ 80,579,303</b>	<b>\$ 7,196,395</b>	<b>\$ 7,975,703</b>	<b>\$ 74,705,459</b>	<b>\$ 88,555,006</b>
Long-term liabilities outstanding	\$ 72,626,955	\$ 75,804,817	\$ 1,388,903	\$ 1,322,220	\$ 74,015,858	\$ 77,334,634
Other liabilities	2,822,376	3,846,055	244,144	148,317	3,066,520	3,994,372
<b>Total liabilities</b>	<b>\$ 75,449,331</b>	<b>\$ 79,650,872</b>	<b>\$ 1,633,047</b>	<b>\$ 1,470,537</b>	<b>\$ 77,082,378</b>	<b>\$ 81,329,006</b>
<b>Net assets</b>						
<b>Invested in capital assets, net of</b>						
related debt	\$ 13,111,112	12,651,986	\$ 2,778,701	\$ 3,726,248	\$ 15,889,813	\$ 16,378,234
Restricted	188,878	211,817	-	-	188,878	211,817
Unrestricted	(21,240,257)	(11,935,372)	2,784,647	2,778,918	(18,455,610)	(9,156,454)
<b>Total net Assets</b>	<b>\$ ( 7,940,267)</b>	<b>\$ 928,431</b>	<b>\$ 5,563,348</b>	<b>\$ 6,505,166</b>	<b>\$ ( 2,376,919)</b>	<b>\$ 7,433,597</b>

Several particular aspects of the County's financial operations negatively influenced the total unrestricted governmental net assets:

- Due to the recession and elimination of Article 44 sales tax by the State, sales revenues are less than prior year totals in the General Fund by \$(1,249,847).
- Investment earnings down significantly from prior year, \$(1,037,956), due to declining interest rates and reduction in School Bond Construction funds.
- Miscellaneous earnings were down from the prior year, \$(1,028,701).
- Expenditure of bond funds that were received in prior years, resulted in a net decrease in unrestricted assets.
- Property tax revenue increased \$1,349,489 over prior year due to mandated revaluation of property.

<b>Total expenses</b>	<b>\$ 75,384,197</b>	<b>\$ 85,532,841</b>	<b>\$ 3,375,064</b>	<b>\$ 3,179,694</b>	<b>\$ 78,759,261</b>	<b>\$ 88,712,535</b>
<b>Decrease in net assets</b>	<b>(8,868,698)</b>	<b>(20,095,750)</b>	<b>( 941,818)</b>	<b>( 671,063)</b>	<b>( 9,805,410)</b>	<b>(20,766,813)</b>
<b>Net assets, July 1</b>	<b>928,431</b>	<b>21,024,181</b>	<b>6,505,166</b>	<b>7,176,229</b>	<b>7,433,597</b>	<b>28,200,410</b>
<b>Net assets, June 30</b>	<b>\$ (7,940,267)</b>	<b>\$ 928,431</b>	<b>\$ 5,563,348</b>	<b>\$ 6,505,166</b>	<b>\$ (2,376,919)</b>	<b>\$ 7,433,597</b>

**Governmental activities:** Governmental activities decreased the County's net assets by \$8,868,698, representing 90.4% of the total decrease in net assets of Lenoir County. This compares to a decrease of \$20,095,750 in the prior fiscal year, which represented 96.8% of the decline in the County's net assets. The key element of this decrease in FY09-10 was the expenditure of Series 2007 & 2009 General Obligation bond funds for school construction projects.

**Business-type activities:** Business-type activities decreased Lenoir County's net assets by \$941,818 representing 9.6% of the total change in net assets of Lenoir County. This compares to a decrease of \$671,063 in the prior fiscal year, which represented 3.2% of the change in the County's net assets. The key element of the decrease in FY 09-10 was Landfill revenues less than expenditures due to contracting with Waste Industries to haul MSW to a regional landfill. This was necessary due to delays by the State in permitting a new MSW cell at the landfill.

## Financial Analysis of the County's Funds

As noted earlier, Lenoir County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of Lenoir County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Lenoir County's financing requirements. Specifically, unreserved, undesignated fund balance can be a useful measure of a government's net resources available for spending as working capital at the end of the fiscal year.

The general fund is the chief operating fund of Lenoir County. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$21,552,072, while total fund balance reached \$25,907,909. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 39.8 % of total General Fund expenditures, while total fund balance represents 47.8 % of that same amount. Unreserved, undesignated fund balance represents 18.2% of total General Fund expenditures. Fund balance designated for subsequent years' expenditures represents 21.6% of total General Fund expenditures.

At June 30, 2010, the governmental funds of Lenoir County reported a combined fund balance of \$44,937,476, a 21% decrease from last year. The primary reason for this decrease was the use of Series 2007 & 2009 bond proceeds in the School Construction Fund balance for ongoing major school construction.

**General Fund Budgetary Highlights:** During the year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and state grants; and 3) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased budgeted revenues by \$2.41 million. Approximately \$714,480 represented increases in funding over the original budgeted amount for D.S.S and approximately \$275,087 for the Health Department and approximately \$958,000 for the sale of land to the State of North Carolina for highway construction through the Highway 70 West Industrial Park.

**Proprietary Fund.** Lenoir County's proprietary fund provides the same type of information found in the government-wide statements but in more detail. Unrestricted net assets of the Solid Waste Fund at the end of the fiscal year amounted to \$2,784,647 as compared to \$2,778,918 in the prior year. A total decrease in net assets of the Solid Waste Fund amounted to \$941,818. This decrease was the result of expenditures exceeding revenues due to hauling contracts and a decrease in investment earnings due to declining interest rates.

### Capital Asset and Debt Administration

**Capital assets.** Lenoir County's investment in capital assets for its governmental and business-type activities as of June 30, 2010, totals \$17,339,913 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, and vehicles.

Major capital asset transactions during the year include:

- Purchased eight (8) new vehicles for the Sheriff's Department
- Purchased two (2) vehicles for Emergency Services - 2 ambulances
- Purchased six (6) vans for Transit
- Purchased new hardware, software, and furniture for E-911
- Purchased two (2) consoles for Communications
- Purchased new hardware and software for Register of Deeds Automation Preservation
- Purchased a night vision equipment for the Sheriff's Department
- Purchased a new generator for the Health Department
- Completed construction of the Shell Building #3

Additional information on the County's capital assets can be found in Note III, A, 5 of the Notes to the Financial Statements.

**Long Term Debt.** As of June 30, 2010, Lenoir County had total bonded debt outstanding of \$67,800,000, all of which is debt backed by the full faith and credit of the County.

**Lenoir County's Outstanding Debt  
General Obligation and Revenue Bonds**

	Governmental Activities		Business-type Activities		Total	Total
	2010	2009	2010	2009	2010	2009
General Obligation Bonds	\$ 67,800,000	\$ 71,400,000	\$ -	\$ -	\$ 67,800,000	\$ 71,400,000
Installment Purchases	1,450,100	1,450,100	-	-	1,450,100	1,450,100
<b>Total</b>	<b>\$ 69,250,100</b>	<b>\$ 72,850,100</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 69,250,100</b>	<b>\$ 72,850,100</b>

Lenoir County's general obligation and revenue bond outstanding debt decreased by \$3,600,000 (5.0 %) during the past fiscal year. General Obligation Bonded Debt decreased by \$3,600,000 due to principal retirement during the Fiscal Year. The retirement of \$3,600,000 in bonded debt includes the final payment of \$400,000 in Series 1995 Community College Bonds and payment of \$3,200,000 on the Series 2007 and Series 2008 General Obligation Bonds for the Library and School Construction.

As mentioned in the financial highlights section of this document, Lenoir County maintains an A1 bond rating from Moody's Investor Services and an A+ rating from Standard and Poor's Corporation. This bond rating is a clear indication of the sound financial condition of the County.

The State of North Carolina limits the amount of General Obligation Debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within the government's boundaries. The legal debt margin for Lenoir County is \$216,292,203.

Additional information regarding Lenoir County's long-term debt can be found in note 7, beginning on page 41 of this audited financial report.

## **Economic Factors and Next Year's Budgets and Rates**

The following key economic indicators affect the growth and prosperity of the County.

- The nation is currently in the longest recession since the Great Depression of the 1930's
- The average unemployment rate for the County is 11.33% , slightly higher than the state average of 10.76%; however, with the opening of new major employer in Lenoir County, Sanderson Farms (up to 1,600 new jobs) and Spirit Aerosystems (up to 1,000 new jobs), the unemployment rate for Lenoir County should improve significantly
- Property tax collections totaled \$30,347,627, an increase of 4.3% over the prior year
- Sales tax revenues totaled \$6,307,372, a decrease of 11.8% from the prior year due to the recession and elimination of Article 44 sales tax
- New manufacturing and commercial projects announced within the past twenty-four (24) months will result in the creation within the next three to five years of approximately 3,000 new jobs and \$872 million in new investment in the County

## **Budget Highlights for the Fiscal Year Ending June 30, 2011**

**Governmental Activities:** The County Commissioners approved a \$60.7 million General Fund Budget which was included within a \$79.4 million all Funds Budget Ordinance adopted on June 7, 2010.

The property tax rate remained at \$.80 per \$100 of assessed valuation. Approximately \$1,100,000 in General Fund fund balance was used to balance against expenditures. Growth in the tax base was estimated to a minus 1.34%. At the adopted tax rate \$.80 per \$100 of assessed value and a collection rate of 94.34%, this equates to a loss of \$373,850 in current year property tax revenues. This loss is attributable to decreases in business personal property and motor vehicle values.

The General Fund Budget decreased by \$304,294 which represents a 0.5% decrease over the adopted FY09-10 budget. This decrease was due to County departments "holding the line" on budgeted operational expenditures and eliminating capital purchases in the current fiscal year. This budget did include a 2 ½% COLA effective January 1, 2011.

**Business-type Activities:** The County issued \$3.0 million in Special Revenue Bond debt early in FY03-04 for the construction of a new municipal solid waste landfill cell. The total project cost, including construction of the 5-year cell, a leachate pump station and force main, and new equipment to operate the cell was approximately \$4.3 million. Approximately \$1.3 million in fund balance of the Solid Waste Fund was then appropriated to complete the project. The project was completed by June 30, 2004. This five (5) year cell is rapidly reaching maximum capacity. The County has contracted with Municipal Engineering located in Garner, NC, to obtain the necessary state permits to construct a second five (5) year cell. However, due to the delays by the State in the permitting process, the County was forced to contract with Waste Industries to haul MSW to a regional landfill.

In June of 2002, the Lenoir County Board of Commissioners created the Deep Run Water and Sewer District (DR-WSD). The construction for this project was completed in November 2005. The project consisted of sewer lines and pump stations in the southern part of the County satisfactory to collect wastewater from Moss Hill Elementary School, South Lenoir High School, and the Village of Deep Run. The project also included an expansion of the wastewater treatment plant in the Town of Pink Hill, which is treating the additional wastewater. The entire project cost was \$4.5 million and was paid for with 100% grant funds. With construction complete, the District operated similar to the Solid Waste Fund, with fees from customers as the only source of revenue to support daily operations. During FY07-08, all assets and ownership rights were transferred from the Deep Run Water and Sewer District to the Town of Pink Hill. The Deep Run Water and Sewer District was not dissolved and remains intact to pursue future opportunities to develop commercial projects for the southern half of Lenoir County.

## **Requests for Information**

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Lenoir County Finance Office, 130 S. Queen Street, Kinston, N.C. 28501.

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$ (11,652,692)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	498,096
Cost of capital assets disposed of during the year, not recognized on modified accrual basis	(38,970)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.	
Change in deferred revenue for tax revenues	(919,219)
Internal service fund operations that primarily support governmental activities	66,226
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Compensated absences	(102,261)
Net pension obligation	(54,810)
Net OPEB obligation	(309,789)
Amortization of bond premiums not recorded on fund statements	44,721
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	<u>3,600,000</u>
Total changes in net assets of governmental activities	<u>\$ (8,868,698)</u>

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

**NOTE I. Summary of Significant Accounting Policies**

The accounting policies of Lenoir County, North Carolina and its discretely presented component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies.

**A. Reporting Entity**

The County, which is governed by a seven-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component units, legally-separate entities for which the County is financially accountable. The Lenoir County ABC Board (the Board), which has a June 30 year-end, is presented as if it were a separate proprietary fund of the County (discrete presentation). Lenoir County Industrial Facility and Pollution Control Financing Authority (the Authority) exists to issue and service revenue bond debt of private businesses for economic development purposes. The Authority has no financial transactions or account balances; therefore, it is not presented in the basic financial statements.

Component Unit	Reporting Method	Criteria for Inclusion	Separate Financial Statements
Lenoir County ABC Board	Discrete	The members of the ABC Board's governing board are appointed by the County. The ABC Board is required by State statute to distribute its surpluses to the General Fund of the County.	Lenoir County ABC Board 110 S. Heritage Street Kinston, NC 28502
Lenoir County Industrial Facility and Pollution Control Financing Authority	Discrete	The Authority is governed by a six-member board of commissioners that is appointed by the County commissioners. The County can remove any commissioner of the Authority with or without cause.	None issued

**B. Basis of Presentation, Basis of Accounting**

**Basis of Presentation**

*Government-wide Statements:* The statement of net assets and the statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

---

The County reports the following major governmental funds:

*General Fund.* This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

*School Capital Outlay Fund.* This fund is used to track the uses of Article 40 and 42 sales tax revenues to improve the County's school capital facilities.

*CDBG Fund.* This fund accounts for federal Community Development Block Grants used for improving area housing and water and septic system needs for low income families and the elderly.

*School Bond Fund.* This fund is used to track the use of the bond monies for school construction.

The County reports the following major enterprise fund:

*Landfill Fund.* This fund is used to account for the operations of the County landfill.

The County reports the following fund types:

*Agency Funds.* Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains three agency funds: the Social Services Fund, which accounts for moneys deposited with the Social Services Department for the benefit of certain individuals; the Fines and Forfeitures Fund, which accounts for various legal fines and forfeitures that the County is required to remit to Lenoir County Board of Education and the three percent interest on the first month of delinquent motor vehicle taxes that the County is required to remit to the North Carolina Department of Motor Vehicles and Register of Deeds Trust Fund which accounts for the five dollars of each fee collected by the register of deeds for registering or filing a deed of trust or mortgage.

*Internal Service Fund.* The Employee Insurance Fund is used to account for the allocation of hospitalization insurance to each fund.

#### **Measurement Focus, Basis of Accounting**

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

*Government-wide, Proprietary, and Fiduciary Fund Financial Statements.* The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

*Governmental Fund Financial Statements.* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Lenoir County, North Carolina  
Notes to the Financial Statements  
For The Fiscal Year Ended June 30, 2010

---

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of January 1, 1993, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, Lenoir County is responsible for billing and collecting the property taxes on all registered motor vehicles on behalf of all municipalities and special tax districts in the County. For registered motor vehicles, property taxes are due the first day of the fourth month after the vehicles are registered. The billed taxes are applicable to the fiscal year in which they become due. Therefore, taxes for vehicles registered from March 2009 through February 2010 apply to the fiscal year ended June 30, 2010. Uncollected taxes that were billed during this period are shown as a receivable on these financial statements.

Sales taxes collected and held by the State at year-end on behalf of the County are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

All governmental and business-type activities and enterprise funds of the County follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

### **C. Budgetary Data**

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the general, special revenue (excluding the Capital Reserve Fund, the School Bond Fund, the Community Development Block Grant Fund, and the Industrial Shell Building Project Fund), the Enterprise Fund, and the Internal Service Fund. All annual appropriations lapse at the fiscal year end. Project ordinances are adopted for the project and grants funds.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level (the legal level of budgetary control) for the General Fund and Special Revenue Funds (excluding the Capital Reserve Fund, the School Bond Fund, the Community Development Block Grant Fund, and the Industrial Shell Building Project Fund, which are at the project level). Expenditures may not exceed appropriations at the fund level for the enterprise fund. Any revisions that alter total expenditures of any fund must be approved by the governing board. All revisions to the budget and transfer appropriations must be approved by the governing board. During the year, several amendments to the original budget were necessary, the effects of which were not material.

A budget calendar is included in the North Carolina General Statutes, which prescribes the last day on which certain steps of the budget procedure are to be performed. The following schedule lists the tasks to be performed and the date by which each is required to be completed.

- |          |   |
|----------|---|
| April 30 | Each department head will transmit to the budget officer the budget requests and revenue estimates for their department for the budget year.    |
| June 1   | The budget and the budget message shall be submitted to the governing board. The public hearing on the budget should be scheduled at this time. |
| July 1   | The budget ordinance shall be adopted by the governing board.   |

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

---

As required by State law [G.S. 159-26(d)], the County maintains encumbrance accounts, which are considered to be "budgetary accounts". Encumbrances outstanding at year-end represent the estimated amounts of the expenditures ultimately to result if unperformed contracts in progress at year-end are completed. Encumbrances outstanding at year-end do not constitute expenditures or liabilities. The County has no encumbrances outstanding at year-end and any unencumbered appropriations lapse at year-end.

**D. Assets, Liabilities, and Fund Equity**

**1. Deposits and Investments**

All deposits of the County and the Lenoir County ABC Board are made in board-designated official depositories and are secured as required by G.S. 159-31. The County and the ABC Board may designate as an official depository any bank or savings association whose principal office is located in North Carolina. Also, the County and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the County and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

The County and the ABC Board's investments with a maturity of more than one year at acquisition and non-money market investments are carried at fair value as determined by quoted market prices. The securities of the NCCMT Cash Portfolio, an SEC-registered (2a-7) money market mutual fund, are valued at fair value, which is the NCCMT's share price. The NCCMT Term Portfolio's securities are valued at fair value. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost. Non-participating interest earnings and investment contracts are reported at cost.

**2. Cash and Cash Equivalents**

The County pools monies from several funds to facilitate disbursement and investment and maximize investment income. Investment earnings are allocated to all funds based on the cash balance outstanding at the end of each month. All cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with an original maturity of three months or less to be cash and cash equivalents, and records them at cost.

**3. Restricted Assets**

Unexpended bond proceeds are classified as restricted assets on the balance sheet because their use is completely restricted to the purpose for which the bonds were originally issued. Customer deposits held by the County before any services are supplied are restricted to the service for which the deposit was collected.

**4. Ad Valorem Taxes Receivable**

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2010.

**5. Allowance for Doubtful Accounts**

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. The amount is estimated by analyzing the percentage of receivables that were written off in prior years.

**6. Inventory and Prepaid Items**

Lenoir County accounts for inventories using the "purchases method." Under the purchases method, purchases are recorded as expenditures when purchased. The County did not have significant amounts of inventory on hand at year-end. The inventory of the ABC Board is valued at the lower of (FIFO) or market, and consists of products held for resale. The cost of this inventory is charged to cost of sales as the inventory is sold. Occasionally, certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

---

**7. Capital Assets**

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. The minimum capitalization cost is \$5,000. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Any interest incurred during the construction phase of proprietary fund type capital assets is reflected in the capitalized value of the asset constructed. Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

	<u>Useful Life</u>
Furniture and office equipment	10 years
Maintenance and construction equipment	5-10 years
Building and improvements	10-50 years
Automobiles and trucks	6 years

Property, plant, and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

	<u>Useful Life</u>
Buildings	20-30 years
Furniture and equipment	5-10 years
Leasehold improvements	10-20 years

**8. Long-term Obligations**

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as an other financing source.

**9. Compensated Absences**

The vacation policy of the County provides for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. The ABC board provides for the accumulation of up to fifteen days earned vacation leave with such leave being fully vested when earned. For the County's government-wide and proprietary funds, and the ABC Board, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned.

The sick leave policies of the County and the ABC Board provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither entity has any obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

**10. Net Assets/Fund Balances**

**Net Assets**

Net assets in government-wide and proprietary fund financial statements are classified as invested in capital assets, net of related debt; restricted; and unrestricted. Restricted net assets represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

**Fund Balances**

In the governmental fund financial statements, reservations or restrictions of fund balance represent amounts that are not appropriable or are legally segregated for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

State law [G.S.159-13(b)(16)] restricts the appropriation of fund balance to an amount not to exceed the sum of cash and investments minus the sum of liabilities, encumbrances and deferred revenues arising from cash receipts as those amounts stand at the close of the fiscal year preceding the budget year.

The governmental fund types classify fund balances as follows:

Reserved

Reserved by State statute - portion of fund balance, in addition to reserve for encumbrances which is not available for appropriation, under state law. This amount is usually comprised of receivables balances not offset by deferred revenue.

Reserved for Register of Deeds – portion of fund balance constituting the Automation Enhancement and Preservation Fund, funded by 10% of the fees collected and maintained by the Register of Deeds' office. The funds are available for appropriation but are legally restricted for computer and imaging technology in the Register of Deeds' office.

Unreserved

Designated for subsequent year's expenditures - portion of total fund balance available for appropriations that has been designated for the adopted 2010-2011 budget ordinance or designated for future capital outlay.

Undesignated - portion of total fund balance available for appropriation that is uncommitted at year-end.

**E. Reconciliation of Government-wide and Fund Financial Statements**

1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets.

The governmental fund balance sheet includes a reconciliation between fund balance - total governmental funds and net assets – governmental activities as reported in the government-wide statement of net assets. The net adjustment of \$(52,877,743) consists of several elements as follows:

Description	Amount
Capital assets used in governmental activities are not financial resources and are therefore not reported in the funds (total capital assets on government-wide statement in governmental activities column)	\$ 31,584,794
Less accumulated depreciation	( 17,023,582)
Net capital assets	14,561,212
Liabilities for revenue deferred but earned and therefore reported in the fund statements but not the government-wide	2,506,020
Liability for deferred revenue related to the premiums on bonds	( 806,777)
Internal service fund net assets that primarily support governmental activities	2,681,980
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not reported in the fund statements:	
Bonds, leases, and installment financing	( 69,250,100)
Net pension obligation	( 704,452)
Other postemployment benefits	( 607,727)
Compensated absences	( 1,257,899)
Total adjustment	\$ ( 52,877,743)

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. There are several elements of that total adjustment of \$2,783,994 as follows:

Description	Amount
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities	\$ 1,527,943
Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements.	( 1,029,847)
Cost of capital assets disposed of during the year, not recognized on modified accrual basis	( 38,970)
Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the statement of net assets in the government-wide statements	3,600,000
Amortization of bond premiums reported on the government-wide financial statements which reduces the interest expense paid on the fund financial statements	44,721
Internal service fund operations that primarily support governmental activities	66,226
Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements.	
Differences in compensated absences accrued in the government-wide statements but not in the fund statements because they do not use current resources	( 102,261)
Differences in net pension obligation accrued in the government-wide statements but not in the fund statements because they do not use current resources	( 54,810)
Differences in the other postemployment benefits in the government-wide statements but not in the fund statements because they do not use current resources	( 309,789)
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the funds statements.	
Reversal of deferred tax revenue recorded at 7/1/09	( 3,425,239)
Recording of tax receipts deferred in the fund statements as of 6/30/10	2,506,020
Total adjustment	<u>\$ 2,783,994</u>

**Note II. Stewardship, Compliance, and Accountability**

**A. Deficit Fund Balance or Net Assets of Individual Funds**

For the fiscal year ended June 30, 2010, the Community Development Block Grant Fund had a deficit fund balance of 6,602 and the Industrial Shell Building Project Fund had a deficit fund balance of \$32,217 due to accounts payable recorded at year-end. The request for reimbursement will include this amount and fund balance will no longer be in the deficit.

**B. Excess of Expenditures over Appropriations**

Budgets are adopted at the departmental level. Any revisions that alter total expenditures of any fund must be approved by the governing board. All revisions and transfer appropriations must be approved by the governing board. For the fiscal year ended June 30, 2010, the following expenditures exceeded the authorized appropriations made by the governing board:

Emergency Telephone System Fund:	
Salaries and employee benefits	493

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

This over-expenditure was caused by the effects of year-end accruals. The County will more closely review the budget reports to ensure compliance in future years.

**Note III. Detail Notes on All Funds**

**A. Assets**

**1. Deposits**

All of the County and ABC Board deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage are collateralized with securities held by the County or the ABC Board. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County and the ABC Board, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County, the ABC Board or the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County or the ABC Board under the Pooling Method, the potential exists for undercollateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The County has no formal policy regarding custodial credit risk.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County relies on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The ABC Board has no formal policy regarding custodial credit risk for deposits.

At June 30, 2010, the carrying amount of the County's deposits was \$3,567,870 and the bank balance was \$4,299,549. Of the bank balance, \$250,000 was covered by federal depository insurance and \$4,049,549 was covered by collateral held under the Pooling Method. At June 30, 2010, the County had \$3,050 cash on hand.

At June 30, 2010, the carrying amount of deposits for Lenoir County ABC Board was \$281,725 and the bank balance was \$299,681. The entire balance of \$299,681 was covered by federal depository insurance. At June 30, 2010, the ABC Board had \$3,050 cash on hand.

**2. Investments**

At June 30, 2010, the County had \$45,165,790 invested with the North Carolina Capital Management Trust's Cash Portfolio which carried a credit rating of AAAm by Standard and Poor's. The County has no policy regarding credit risk.

At June 30, 2010 the ABC Board had no investments.

**3. Property Tax - Use-Value Assessment on Certain Lands**

In accordance with the general statutes, agriculture, horticulture, and forestland may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

<u>Year Levied</u>	<u>Tax</u>	<u>Interest</u>	<u>Total</u>
2006	1,621,900	506,034	2,127,934
2007	1,618,868	384,500	2,003,368
2008	1,644,960	242,645	1,887,605
2009	2,348,162	135,028	2,483,190
	<u>\$ 7,233,890</u>	<u>\$ 1,268,207</u>	<u>\$ 8,502,097</u>

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

**4. Receivables**

Receivables at the government-wide level at June 30, 2010, were as follows:

	<u>Accounts</u>	<u>Taxes</u>	<u>Total</u>
<b>Governmental Activities:</b>			
General	\$ 2,261,091	\$ 5,436,306	\$ 7,697,397

**Commitments**

The County has two active construction projects at June 30, 2010. One is a gas line construction project to provide natural gas to Sanderson Farms and to have excess capacity for the Highway 70 West Industrial Park. The second project is the construction of a new five story, 65,100 square foot detention center.

At year-end, the County's commitments with contractors are as follows:

	Total Project	County Commitment	Spent To Date
Sanderson Farms Gas Line	\$ 4,134,366	\$ 755,683	\$ 371,243
Detention Center	21,657,451	21,657,451	2,410,998
Total commitments	\$ 25,791,817	\$ 22,413,134	\$ 2,782,241

The ABC Board has elected to pay direct costs of employment securities benefits in lieu of employment security taxes on payroll. A liability for benefit payments could accrue in the year following discharge of employees.

**Discretely presented component units**

Activity for the ABC Board for the year ended June 30, 2010, was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Capital assets being depreciated:				
Furniture & equipment	\$ 142,329	\$ 39,328	\$ -	\$ 181,657

**B. Liabilities**

**1. Payables**

Payables at the government-wide level at June 30, 2010, were as follows:

	Vendors	Salaries and Benefits	Other	Total
Governmental activities:				
General	\$ 1,015,128	\$ -	\$ 82,732	\$ 1,097,860
Other Governmental	1,248,026	412	-	1,248,438
Internal Service Fund	348,968	-	-	348,968
Total governmental activities	\$ 2,612,122	\$ 412	\$ 82,732	\$ 2,695,266
Business-type activities:				
Landfill	\$ 244,144	\$ -	\$ -	\$ 244,144

**2. Pension Plan and Other Postemployment Obligations**

**a. Local Governmental Employee's Retirement System**

Plan Description. Lenoir County and the ABC Board contribute to the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multi-employer defined benefit pension plan administered by the State of North Carolina. LGERS provides retirement and disability benefits to plan members and beneficiaries. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Local Government Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27669-1410, or by calling (919) 981-5454.

Funding Policy. Plan members are required to contribute six percent of their annual covered salary. The County and the ABC Board are required to contribute at an actuarially determined rate. For the County, the current rate for employees not engaged in law enforcement and for law enforcement officers is 4.90% and 4.86%, respectively, of annual covered payroll. For the ABC Board, the current rate for employees not engaged in law enforcement is 5.22% of annual covered payroll. The contribution requirements of members and of Lenoir County and the ABC Board are established and may be amended by the North Carolina General Assembly. The County's contributions to LGERS for the years ended June 30, 2010, 2009 and 2008 were \$739,205, \$715,698, and \$661,516, respectively. The ABC Board's contributions to LGERS for the years ended June 30, 2010, 2009 and 2008 were \$11,485, \$11,093, and \$10,689, respectively. The contributions made by the County and the ABC Board equaled the required contributions for each year.

**b. Law Enforcement Officers' Special Separation Allowance**

**1. Plan Description**

Lenoir County administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. There are no separate financial statements issued for the Separation Allowance.

All full-time County law enforcement officers are covered by the Separation Allowance. At December 31, 2009, the Separation Allowance's membership consisted of:

Retirees receiving benefits and terminated plan	5
Members entitled to but not yet receiving benefits	-
Active plan members	65
	70

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

**2. Summary of Significant Accounting Policies:**

*Basis of Accounting.* The County has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting.

*Method Used to Value Investments.* No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

**3. Contributions**

The County is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned by making contributions based on actuarial valuations. For the current year, the County contributed \$121,801 or 4.78% of annual covered payroll. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings.

The annual required contribution for the current year was determined as part of the December 31, 2009 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 5.00% investment rate of return (net of administrative expenses) and (b) projected salary increase ranging from 4.5% to 12.3% per year. Both (a) and (b) included an inflation component of 3.75%. The assumptions did not include post-retirement benefit increases. The actuarial value of assets was determined using the market value of investments. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at December 31, 2009 was 21 years.

Employer annual required contribution	\$ 115,625
Interest on net pension obligation	47,099
Adjustment to annual required contribution	<u>(40,923)</u>
Annual pension cost	121,801
Contributions made	<u>66,991</u>
Increase in net pension obligation	54,810
Net pension obligation beginning of year	<u>649,642</u>
Net pension obligation end of year	<u>\$ 704,452</u>

**3 Year Trend Information**

Fiscal Year Ended	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6/30/08	\$ 96,626	47.89%	\$ 599,103
6/30/09	107,943	53.18%	649,642
6/30/10	121,801	55.00%	704,452

**4. Funded Status and Funding Progress**

As of December 31, 2009 the most recent actuarial valuation date, the plan was unfunded. The actuarial accrued liability for benefits was \$1,504,712, and the actuarial value of assets were \$0, resulting in an unfunded actuarial liability (UAAL) of \$1,504,712.

The covered payroll (annual payroll of active employees covered by the plan) was \$2,548,597, and the ratio of the UAAL to the covered payroll was 59.04%.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**c. Supplemental Retirement Income Plan**

*Plan Description.* The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to all employees employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

*Funding Policy.* Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and the County has elected to contribute five percent of all employees participating in the State retirement system. All law enforcement amounts contributed are vested immediately. Also, the employees may make voluntary contributions to the plan. Contributions for the year ended June 30, 2010 were \$955,829, which consisted of \$755,309 from the County and \$200,520 from the employees.

**d. Registers of Deeds' Supplemental Pension Fund**

*Plan Description.* Lenoir County also contributes to the Registers of Deeds' Supplemental Pension Fund (Fund), a noncontributory, defined contribution plan administered by the North Carolina Department of State Treasurer. The Fund provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Registers of Deeds' Supplemental Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Registers of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

*Funding Policy.* On a monthly basis, the County remits to the Department of State Treasurer an amount equal to one and one-half percent (1.5%) of the monthly receipts collected pursuant to Article 1 of G.S. 161. Immediately following January 1 of each year, the Department of State Treasurer divides ninety-three percent (93%) of the amount in the Fund at the end of the preceding calendar year into equal shares to be disbursed as monthly benefits. The remaining seven percent (7%) of the Fund's assets may be used by the State Treasurer in administering the Fund. For the fiscal year ended June 30, 2010, the County's required and actual contributions were \$3,043.

**e. Other Postemployment Benefits**

*Plan Description.* Under the terms of the County resolution, the County administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). This plan provides postemployment healthcare benefits to retirees of the County, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least 30 years of creditable service with the County, or are 60 years of age with 25 years of creditable service with the County. The retiree pays the same amount for equal coverage equivalent to what active County employees pay. The County obtains health care coverage through private insurers. Also, retirees can purchase coverage for their dependents at the County's group rates. The Board of Commissioners may amend the benefit provisions. A separate report was not issued for the plan.

Membership of the HCB Plan consisted of the following at December 31, 2009, the date of the latest actuarial valuation:

	General Employees	Law Enforcement Officers
Retirees and dependents receiving benefits	28	5
Terminated plan members entitled to but not yet receiving benefits	-	-
Active plan members	376	65
Total	404	70

*Funding Policy.* The retirees pay the same amount for equal coverage equivalent to what active County employees pay under a County resolution that can be amended by the Board of Commissioners. The County members pay for dependent coverage based on size of family. The County has chosen to fund the healthcare benefits on a pay as you go basis.

The current ARC rate is 3.28% of annual covered payroll. For the current year, the County contributed \$189,583 or 1.2% of annual covered payroll. The County obtains healthcare coverage through private insurers. The County's required contributions, under a County resolution for employees not engaged in law enforcement and for law enforcement officers represent 6.35% and 6.82% of covered payroll, respectively. There were no contributions made by employees, except for dependent coverage in the amount of \$16,080. The County's obligation to contribute to the HCB Plan is established and may be amended by the Board of Commissioners.

*Summary of Significant Accounting Policies.* Postemployment expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

**Annual OPEB Cost and Net OPEB Obligation.** The County's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and any changes in the County's net OPEB obligation for the healthcare benefits:

Annual required contribution	\$	505,437
Interest on net OPEB obligation		-
Adjustment to annual required contribution		-
Annual OPEB cost (expense)		505,437
Contributions made		(189,583)
Increase in net OPEB obligation		315,854
Net OPEB obligation, beginning of year		303,044
Net OPEB obligation, end of year	\$	618,898

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as follows:

For Year Ended June 30	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2009	\$510,641	40.65%	\$303,044
2010	\$505,437	37.51%	\$618,898

**Funded Status and Funding Progress.** As of December 31, 2009, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and, thus, the unfunded actuarial accrued liability (UAAL) was \$5,973,257. The covered payroll (annual payroll of active employees covered by the plan) was \$15,417,737, and the ratio of the UAAL to the covered payroll was 38.7%. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents information about the actuarial value of plan assets and the actuarial accrued liabilities for benefits.

**Actuarial Methods and Assumptions.** Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2009 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 4.00% investment rate of return (net of administrative expenses), which is the expected long-term investment returns on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual medical cost trend increase of 10.50% and 5.00% annually. Both rates included a 3.75% inflation assumption. The actuarial value of assets, if any, was determined using techniques that spread the effects of short-term volatility in the market value of investments over a 5 year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2009, was 30 years.

**f. Other Postemployment Benefits – Lenoir County ABC Board**

**Plan Description.** The Lenoir County ABC Board administers a single-employer defined benefit healthcare plan (the Retiree Health Plan). The plan provides postemployment healthcare benefits to retirees of the Board, provided they participate in the North Carolina Local Governmental Employees' Retirement System, have at least 25 years of creditable service with the Board and be 62 years of age. These benefits are only available between the ages of 62 and 65. A separate report was not issued for the plan.

**Funding Policy.** The Board pays the full cost of coverage for the healthcare benefits paid to qualified retirees. The Board has chosen to fund the healthcare benefits on a pay as you go basis.

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

**Annual OPEB Cost and Net OPEB Obligation.** The Board's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC). The Board has elected to calculate the ARC and related information using the alternative measurement method permitted by GASB Statement 45 for employers in plans with fewer than one hundred total plan members. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Board's annual OPEB cost for the year, the amount actually contributed to the plan, and any changes in the Board's net OPEB obligation for the healthcare benefits:

Annual required contribution	\$	12,372
Interest on net OPEB obligation		495
Adjustment to annual required contribution		-
Annual OPEB cost (expense)		12,867
Contributions made		-
Increase in net OPEB obligation		12,867
Net OPEB obligation, beginning of year		12,503
Net OPEB obligation, end of year	\$	25,370

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as follows:

For Year Ended June 30	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2009	\$ 12,503	0%	\$12,503
2010	\$12,867	0%	\$25,370

**Funded Status and Funding Progress.** As of June 30, 2010, the actuarial accrued liability for benefits was \$25,370, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$301,574, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 8.41%. The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

**Actuarial Methods and Assumptions.** Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The following simplifying assumptions were made:

**Retirement age for active employees** – Based on the historical average retirement age for the covered group, active plan members were assumed to retire at age 62, or at the first subsequent year in which the member would qualify for benefits.

**Marital Status** – Marital status of members at the calculation date was assumed to continue throughout retirement.

**Mortality** – Age at life expectancy is based on calculations on the OPEB Liability Alternative Valuation Method Worksheet.

**Turnover** – Non-group-specific age-based turnover data from GASB Statement 45 were used as the basis for assigning active members a probability of remaining employed until the assumed retirement age and for development of an expected future working lifetime assumption for purposes of allocating to periods the present value of total benefits to be paid.

**Healthcare cost trend rate** – The expected rate of increase in healthcare insurance premiums was based on projections for the state of North Carolina and based on the past decade's healthcare cost trend.

**Health insurance premiums** – 2010 health insurance premiums for retirees were used as the basis for calculation of the present value of total benefits to be paid.

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

*Inflation rate* – The expected inflation rate of 10% was based on projections for the state of North Carolina and based on past decade's inflation rate.

*Payroll growth rate* – The expected long-term payroll growth rate was assumed to equal the rate of inflation.

A discount rate of 4% was used. In addition, a simplified version of the entry age actuarial cost method was used. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2010 was thirty years.

**g. Other Employment Benefits**

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. All death benefit payments are made from the Death Benefit Plan. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post employment benefit amount and the other benefit amount. The County considers these contributions to be immaterial.

**3. Closure and Postclosure Care Costs – Lenoir County Landfill Facility**

State and federal laws and regulations require the County to place a final cover on its landfill facilities when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$1,345,055 reported as landfill closure and post-closure care liability at June 30, 2010 represents a cumulative amount reported to date based on the use of 100 percent of the total estimated capacity of the old landfill and 84% of the total capacity of the new landfill. Lenoir County closed the old facility in the fiscal year ended 1999. Total costs incurred to date on the final cover of the old landfill is \$1,041,995. The County will recognize the remaining estimated cost of closure and postclosure care of \$838,000 as the remaining estimated capacity of the new landfill is filled. Final costs may be higher due to inflation, changes in technology, or changes in regulations. All of the above amounts are based on what it would cost to perform all closure and post-closure care in 2010.

The County has met the requirements of a local government financial test that is one option under State and federal laws and regulations that helps determine if a unit is financially able to meet closure and post-closure care requirements. The County is not currently required to fund the estimated closure costs of this facility based upon its present financial stability.

**4. Deferred / Unearned Revenues**

The balance in deferred / unearned revenue at year-end is comprised of the following:

	Unearned or Deferred Revenue	Full Accrual Unearned Revenue
Taxes receivable, net (General)	\$ 2,470,726	\$ -
Taxes receivable, net (Special Revenue)	106,812	-
Prepaid taxes not yet earned (General)	55,592	127,110
Total	<u>\$ 2,633,130</u>	<u>\$ 127,110</u>

**5. Risk Management**

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; error and omissions; injuries to employees; and natural disasters. The County obtains property insurance coverage and general liability coverage for these risks. The County participates in two self-funded risk-financing programs, one administered by Discovery Insurance Services and one administered by Medcost Benefit Services. Through these programs, the County obtains workers' compensation coverage up to the statutory limits, and health insurance for County employees. For health insurance, the County is reinsured through the program for individual losses in excess of \$150,000 and aggregate annual losses in excess of 115% of expected claims. The workers' compensation program is reinsured through commercial carrier for individual losses in excess of \$350,000. Based on past experience, management believes the above coverages are sufficient.

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

The County carries flood insurance purchased through a local agent on two county buildings; the Cooperative Extension Building and the Livestock Arena. The County carries \$500,000 coverage on the Cooperative Extension Building and \$68,300 coverage on the contents. On the Livestock Arena, the County carries \$409,000 coverage on the building and \$0 coverage on the contents.

In accordance with G.S. 159-29, the County's employees that have access of \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond. The Director of Finance is individually bonded for \$50,000, and the tax collector is individually bonded for \$25,000. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000.

The County carries commercial insurance for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims from these risks have not exceeded the total commercial insurance coverage in any of the last three fiscal years.

Lenoir County ABC Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The ABC Board has property, general liability, auto liability, workmen's compensation and employee health coverage. The Board also has liquor legal liability coverage. There have been no significant reductions in insurance coverage from the prior year and settled claims have not exceeded coverage in any of the past three fiscal years.

In accordance with G.S. 18B-700(i) and G.S. 18B-803(b), each Lenoir County ABC Board member who has access to funds are bonded under a blanket bond for \$10,000. ABC Board supervisors and all other employees are bonded for \$25,000; all secured by a corporate surety.

**6. Contingent Liabilities**

At June 30, 2010, the County was a defendant to various lawsuits. In the opinion of the County's management and the County attorney, the ultimate effect of these legal matters will not have a material adverse effect on the County's financial position.

**7. Long-Term Obligations**

**a. General Obligation Indebtedness**

All general obligation bonds serviced by the County's general fund are collateralized by the full faith, credit and taxing power of the County.

The County's general obligation bonds payable at June 30, 2010 are comprised of the following individual issues:

Serviced by the County's General Fund:

\$30,000,000 2007 Public Improvement School Bonds, in annual installments of up to \$1,650,000 through February 1, 2028	\$ 27,700,000
\$2,600,000 2007 Public Improvements Library Bonds, in annual installments of up to \$200,000 through February 1, 2025	2,300,000
\$39,700,000 2008 Public Improvement School Bonds, in annual installments of up to \$2,800,000 through February 1, 2029	37,800,000
	\$ 67,800,000

Annual debt service requirements to maturity for the County's general obligation bonds are as follows:

<u>Year Ending June 30,</u>	<u>Governmental Activities</u>	
	<u>Principal</u>	<u>Interest</u>
2011	3,600,000	2,878,650
2012	3,600,000	2,744,150
2013	3,600,000	2,609,650
2014	3,600,000	2,475,150
2015	3,600,000	2,340,650
2016-2020	18,000,000	9,324,250
2021-2025	18,050,000	5,365,725
2026-2029	13,750,000	1,416,625
Totals	\$ 67,800,000	\$ 29,154,850
Premium on bonds	806,777	-
Carrying value of general obligation bonds	\$ 68,606,777	\$ 29,154,850

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

As June 30, 2010, Lenoir County had a legal debt margin of \$216,292,203.

**b. Notes Payable**

On November 3, 2008, the County obtained a loan from the North Carolina Eastern Region to assist in the construction of an industrial shell building. The loan requires quarterly interest payments through 2023. The interest rate is 3.5% with the first payment being made on December 1, 2008. The first principal payment will begin on December 1, 2013.

Annual note requirements to maturity for the County's notes payable are as follows:

<u>Year Ending June 30,</u>	Business-type Activities	
	Principal	Interest
2011	-	50,754
2012	-	50,754
2013	-	50,754
2014	92,104	49,952
2015	126,611	45,880
2016-2020	703,674	158,782
2021-2024	527,711	32,884
Principal payments	<u>\$ 1,450,100</u>	
Total interest payments		<u>\$ 439,760</u>

**c. Long-Term Obligation Activity**

The following is a summary of changes in the County's long-term obligations for the fiscal year ended June 30, 2010:

	Balance July 1, 2009	Increases	Decreases	Balance June 30, 2010	Current Portion of Balance
<b>Governmental activities:</b>					
General obligation debt	\$ 72,251,499	\$ -	\$ 3,644,722	\$ 68,606,777	\$ 3,644,721
Notes payable	1,450,100	-	-	1,450,100	-
Compensated absences	1,155,638	102,261	-	1,257,899	-
Other postemployment benefit	297,938	309,789	-	607,727	-
Net pension obligation	649,642	54,810	-	704,452	-
Total governmental activities	<u>\$ 75,804,817</u>	<u>\$ 466,860</u>	<u>\$ 3,644,722</u>	<u>\$ 72,626,955</u>	<u>\$ 3,644,721</u>
<b>Business-type activities:</b>					
Accrued landfill closure and Postclosure care costs	\$ 1,289,965	\$ 55,090	\$ -	\$ 1,345,055	\$ -
Compensated absences	27,149	5,528	-	32,677	-
Other postemployment benefit	5,106	6,065	-	11,171	-
Total business-type activities	<u>\$ 1,322,220</u>	<u>\$ 66,683</u>	<u>\$ -</u>	<u>\$ 1,388,903</u>	<u>\$ -</u>

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

**C. Interfund Balances and Activity**

Transfers to/from other funds

Transfers to/from other funds at June 30, 2010, consists of the following:

From the General Fund to the Revaluation Reserve Fund to accumulate resources for the future revaluation of real property	\$ 53,896
From the General Fund to the Capital Improvements Fund to improve the County's infrastructure and decrease annual maintenance costs	1,926,250
From the General Fund to the Capital Reserve Fund to accumulate resources for bond Repayments	1,775,000
From the Landfill Fund to the Scrap Tire Disposal Fund to aid in the disposal of scrap tires	50,000
From the General Fund to the Vehicle Replacement Fund for replacement of vehicles in the Sheriff and EMS departments	450,000
From the General Fund to the Emergency Telephone System Fund to aid in operations	34,795
From the Capital Reserve Fund to the General Fund for bond payments	4,437,475
From the School Capital Outlay Fund to the General Fund for debt payment on bonds	1,500,000
	<u>\$ 10,227,416</u>

**Note IV. Joint Ventures**

The County in conjunction with the City of Kinston, participates in the Tourism Development Authority. The County appoints three members to the seven member board. The County has the authority to levy a Tourism tax and also serves as the collection agency for the Authority's taxes; however, the County does not have the power to determine the nature or type of tax imposed. Total funds remitted to the Authority were \$177,716 for the year ended June 30, 2010. The Authority controls the disbursements of all funds and the County has no responsibility for financing deficits or providing guarantees of the unit, nor is it entitled to any surpluses. The County has no equity interest in the Authority. Complete financial statements for the Authority can be obtained from the Authority's offices at City of Kinston, 301 N. Queen Street, Kinston, NC 28501.

The County also participates in a joint venture to operate Neuse Regional Library with three other local governments. Lenoir County appoints two board members to the twelve member board of the Library. The County has an on going financial responsibility for the joint venture because the Library's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in the Library, so no equity interest has been reflected in the financial statements at June 30, 2010. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$730,000 to the Library to supplement its activities. Complete financial statements for the Library can be obtained from the Library offices, at 510 N. Queen Street, City of Kinston, NC 28501.

The County in conjunction with the State of North Carolina and the Lenoir County Board of Education, participates in a joint venture to operate the Lenoir County Community College. Each of the three participants appoints four members of the thirteen member board of trustees of the community college. The president of the community college's student government serves as an ex officio nonvoting member of the community college's board of trustees. The community college is included as a component unit of the State. The County has the basic responsibility for providing funding for the facilities of the community college and also provides some financial support for the community college's operations. In addition to providing annual appropriations for the facilities, the County periodically issues general obligation bonds to provide financing for new and restructured facilities. The County has an ongoing financial responsibility for the community college because of the statutory responsibilities to provide funding for the community college's facilities. The County contributed \$2,100,000 to the community college for operating purposes during the fiscal year ended June 30, 2010. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2010.

Complete financial statements for the community college may be obtained from the community college's administrative offices at 231 Highway 58 South, Kinston, NC 28502.

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

Effective July 1, 2002 the County in conjunction with Duplin County, Sampson County and Wayne County, participated in a joint venture to operate Eastpointe. Each participating government appoints three board members to the fifteen member board. The County has an ongoing financial responsibility for the joint venture because Eastpointe's continued existence depends on the participating governments' continued funding. The County paid \$236,464 to the joint venture during the fiscal year ended June 30, 2010. None of the participating governments have any equity interest in the joint venture, so no equity interest has been reflected in the County's financial statements at June 30, 2010. Complete financial statements for Eastpointe can be obtained from their office in Kenansville, N.C.

**Note V. Joint Governed Organization**

The County has joined with other counties and municipalities in the area to establish the Eastern Carolina Council of Governments (Council). The participating governments established the Council to coordinate various funding received from federal and State agencies. Each participating government appoints one member to the Council's governing board. The County paid membership fees of \$10,998 to the Council during the fiscal year ended June 30, 2010. The County has no equity interest in the Council.

**Note VI. Major Taxpayer**

Lenoir County had property tax revenue from one taxpayer in 2010 of \$684,144, which accounted for 2.33% of total property tax revenue.

**Note VII. Benefit Payments Issued by the State**

The amounts listed below were paid directly to individual recipients by the State from federal and state moneys. Lenoir County personnel are involved with certain functions, primarily eligibility determinations, that cause benefit payments to be issued by the state. These amounts disclose the additional aid to County recipients that do not appear in the general-purpose financial statements because they are not revenues and expenditures of the County.

	Federal	State
Special Supplemental Food Program for Women, Infants, and Children	\$ 1,498,223	\$ -
Temporary Assistance for Needy Families	383,988	-
IV-E Foster Care	221,647	70,230
IV-E Foster Care In Excess	9,673	1,987
State Foster Home	-	38,410

**Note VIII. Summary Disclosure of Significant Commitments and Contingencies**

**Federal and State Assisted Programs**

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

**Note IX. Detailed Note on Individual Fund Balance**

As part of the loan agreement for the construction of the new landfill, the County is required to have a minimum fund balance in the Landfill Fund of \$1,000,000. At June 30, 2010, the fund balance for the Landfill Fund was \$5,568,454, consisting of \$2,778,701 invested in capital assets, and \$2,789,753 in unrestricted fund balance.

Lenoir County, North Carolina  
**Notes to the Financial Statements**  
For The Fiscal Year Ended June 30, 2010

---

**Note X. Subsequent Event**

On October 14, 2010, the County issued \$18,500,000 of Recovery Zone Economic Development Bonds to enable the County to construct a new five story, 65,000 square foot, 192 bed jail facility on County owned property adjacent to the existing Lenoir County Courthouse. Recovery Zone Economic Development Bonds are a part of the 2009 American Recovery and Reinvestment Act (ARRA). For these Recovery Zone Bonds, the County shall receive a 45% interest payment subsidy from the Federal Government. Interest on the bonds is taxable at a rate of 6.15%. After the interest payment subsidy, the net rate of interest is 3.38%. This installment financing provides for an annual level principal payment, in arrears, for a term of 20 years. The first principal and interest payment is scheduled for October 14, 2011 with a final payment on October 14, 2030.

# GOVERNMENTAL FUND FINANCIAL STATEMENTS

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term, claim and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures on governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources. The following types of governmental funds are included in this section:

## GENERAL FUND

---

The General Fund accounts for resources traditionally associated with government that are not required legally or by sound financial management to be accounted for in other funds.

---

## SPECIAL REVENUE FUNDS

---

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

---

**Federally Seized Property Fund** – This fund accounts for federal controlled substance tax revenues and other revenues related to drug offenses.

**School Capital Outlay Fund** – This fund is used to track the uses of Article 40 and 42 Sales Tax Revenues to improve the County's school capital facilities.

**Scrap Tire Disposal Fund** – This fund accounts for the 1% tire retailer fee paid to the State and then distributed to NC Counties to defray the costs of scrap tire disposal.

**Revaluation Reserve Fund** – This fund accounts for the revenues/expenditures related to the quadrennial county-wide revaluation of real property.

**Fire District Funds** – These funds account for the revenues collected and disbursed to eleven volunteer fire districts in the County. The fire districts use the money to pay for operations, maintenance and equipment.

**Transportation Grant Project Fund** – This fund accounts for NC DOT grant funds used for the operation of a county transit system.

**Capital Reserve Fund** – This fund accounts for the future bond debt of the 2007 Series Public Improvement Bonds and lottery proceeds.

**State Controlled Substance Fund** – This fund accounts for state controlled substance tax and other related fund related to drug offenses.

**CDBG Fund** – This fund accounts for federal Community Development Block Grants used for improving area housing and water and septic system needs for low income families and the elderly.

**Emergency Telephone System Fund** – This fund accounts for revenue derived from the telephone surcharge collected by phone companies and remitted to NC counties to establish and maintain emergency telephone services.

**Family and Caregiver Education Fund** – This fund accounts for Federal and State revenue for the Smart Start Program.

**Vehicle Replacement Fund** – This fund accounts for the scheduled/predicted replacement of County vehicles using local tax dollars, insurance reimbursements, and sales of surplus vehicles.

**Capital Improvements Fund** – This fund accounts for significant, long-term improvements to the County's infrastructure and also for capital asset improvements for the purpose of increasing economic and community development opportunities.

**School Bond Fund** – This fund accounts for school construction and the school bond debt.

**Automation Preservation Fund** – This fund accounts for 10% of the fees collected and maintained by the register of deeds' office to be used for computer and imaging technology for that office.

**Industrial Shell Building Project Fund** – This fund is used to account for the construction of an industrial shell building.

# ENTERPRISE FUND

---

---

The Enterprise Fund is used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing board is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

---

---

**Landfill Fund** – This fund is used to account for the operations of the County’s solid waste activities.

**Landfill Debt Service Fund** – This fund is used to account for the debt payments of the new landfill.

# AGENCY FUNDS

---

---

Agency Funds serve primarily as clearing mechanisms for cash resources which are collected by a governmental unit, held as such for a brief period, and then distributed to authorized recipients.

---

---

**Social Services Fund** – This fund accounts for moneys held by the Social Service Department for the benefit of certain individuals in the county.

**Fines and Forfeitures Fund** – This fund accounts for fines and forfeitures collected by the county that are required to be remitted to the Lenoir County Board of Education.

**Motor Vehicle Tax Fund** – This fund accounts for the three percent interest on the first month of delinquent motor vehicle taxes that the County is required to remit to the North Carolina Department of Motor Vehicles.

**Register of Deeds Trust Fund** – This fund accounts for the five dollars of each fee collected by the register of deeds for registering or filing a deed of trust or mortgage to remit to North Carolina.

**Report On Internal Control Over Financial Reporting and on Compliance and Other Matters  
Based On An Audit Of Financial Statements Performed In Accordance With  
Government Auditing Standards**

To the Board of County Commissioners  
Lenoir County, North Carolina

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregated remaining fund information of Lenoir County, North Carolina, as of and for the year ended June 30, 2010, which collectively comprises Lenoir County's basic financial statements, and have issued our report thereon dated November 24, 2010. We did not audit the financial statements of the Lenoir County ABC Board. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and in our opinion, insofar as it relates to the amounts included for the Lenoir County ABC Board, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. The financial statements of the Lenoir County ABC Board were not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Lenoir County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lenoir County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lenoir County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management, others within the organization, members of the Board, and federal and State awarding agencies and pass-through entities and is not intended to be and should not be used and should not be used by anyone other than these specified parties.

**Report On Compliance With Requirements Applicable To Each Major Federal  
Program And Internal Control Over Compliance In Accordance With OMB  
Circular A-133 and the State Single Audit Implementation Act**

To the Board of County Commissioners  
Lenoir County, North Carolina

Compliance

We have audited the compliance of Lenoir County, North Carolina, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on each of Lenoir County's major federal programs for the year ended June 30, 2010. Lenoir County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Lenoir County's management. Our responsibility is to express an opinion on Lenoir County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Lenoir County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Lenoir County's compliance with those requirements.

In our opinion, Lenoir County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of Lenoir County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Lenoir County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Lenoir County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, others within the organization, members of the Board, federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Report On Compliance With Requirements Applicable To Each Major State  
Program And Internal Control Over Compliance In Accordance With Applicable Sections  
of OMB Circular A-133 and the State Single Audit Implementation Act**

To The Board of County Commissioners  
Lenoir County, North Carolina

Compliance

We have audited Lenoir County, North Carolina, compliance with the types of compliance requirements described in the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on each of its major State programs for the year ended June 30, 2010. Lenoir County's major State programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major State programs is the responsibility of Lenoir County's management. Our responsibility is to express an opinion on Lenoir County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; applicable sections of OMB Circular A-133, as described in the Audit Manual for Governmental Auditors in North Carolina, and the State Single Audit Implementation Act. Those standards, applicable sections of OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about Lenoir County's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Lenoir County's compliance with those requirements.

In our opinion, Lenoir County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major State programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of Lenoir County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to State programs. In planning and performing our audit, we considered Lenoir County's internal control over compliance with the requirements that could have a direct and material effect on a major State program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance with applicable sections of OMB Circular A-133 and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Lenoir County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, others within the organization, members of the Board, federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

LENOIR COUNTY, NORTH CAROLINA  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS  
Year Ended June 30, 2010

---

1. Basis of Presentation

The accompanying schedule of expenditures of federal and State awards includes the federal and State grant activity of Lenoir County and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and the State Single Audit Implementation Act. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements. Benefit payments are paid directly to recipients and are not included in the county's basic financial statements. However, due to the county's involvement in determining eligibility, they are considered federal awards to the county and are included on this schedule.

2. The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Subsidized Child Care, Foster Care and Adoption, Mental Health Services, Developmental Disability Waiting List Services, Substance Abuse Services, and Infants and Toddlers with Disabilities.
